

Welcome To My Paradise  
Steven & Coconut Treez

[Intro]

D F#m Em A

D F#m  
Come and take a look out through my eyes

Em A  
And you decide why people act this way

D F#m  
People thieving, fighting, telling lies

Em A  
They criticize and hate each other

D F#m  
Nature colors all have changes some how

Em A  
The seas are brown the skies are thick and grey

D F#m  
All of these things make me feel so down

Em A  
And think about finding my own place

G  
A place where we can toast and drink

D  
A place where we can share and some weed

G  
A place where there's no bullshit and...

A  
every body can come

[chorus]

D A  
Welcome to my paradise

Bm G A  
Where this sky so blue Where the sunshine so bright

D A  
Welcome to my paradise

Bm G A D  
Where you can be free Where the party never ending
