

Welcome To My Paradise
Steven & Coconut Treez

[Intro]

E G#m F#m B

E G#m
Come and take a look out through my eyes
F#m B
And you decide why people act this way
E G#m
People thieving, fighting, telling lies
F#m B
They criticize and hate each other

E G#m
Nature colors all have changes some how
F#m B
The seas are brown the skies are thick and grey
E G#m
All of these things make me feel so down
F#m B
And think about finding my own place

A
A place where we can toast and drink
E
A place where we can share and some weed
A
A place where thereâ€™s no bullshit and...
B
every body can come

[chorus]

E B
Welcome to my paradise
C#m A B
Where this sky so blue Where the sunshine so bright
E B
Welcome to my paradise
C#m A B E
Where you can be free Where the party never ending
