Artist: Steven Curtis Chapman
Song Title: All I Really Want

Intro:
D Dmaj7   G   D Dmaj7   G

Verse One:
D   D/F#   G/B   D
Well, I don t know if you remember me or not
G   D/F#   Em
I m one of the kids they brought in from the home
D   D/F#   G/B   D
I was the red-haired boy in an old green flannel shirt
G   D/F#   Bm
You may not have seen me, I was standing off alone
C2   D   G
I didn t come and talk to you cause that s never worked before
        C2   D   G
And you ll probably never see this letter anyway
   C2   D   G   D/F#
But just in case there s something you can do to help me out
              Em
I ll ask you one more time

Chorus:

    Bm   A   G   D   Asus
All I really want for Christmas is someone to tuck me in
          Bm   A   G   D   Asus
A shoulder to cry on if I lose, shoulders to ride on if I win
     Bm   A   G   D   Asus
There s so much I could ask for but there s just one thing I need
    A   G   D   Dmaj7   G   D Dmaj7   G
All I really want for Christmas is a family

Verse Two:
Well, I guess I should go ahead and tell you now
If it s really true about that list you have
Somehow I always seem to end up in a fight
But I m really trying hard not to be bad
Well maybe if I had a brother or a dad to wrestle with
Or maybe they could teach me how to get along
And from everything I ve heard, it sounds like the greatest gift on earth
Would be a mom

```
Chorus Two:
All I really want for Christmas is someone to tuck me in
A shoulder to cry on if I lose, shoulders to ride on if I win
There s so much I could ask for but there s just one thing I need
        A           G         A           G
All I really want for Christmas is someone who ll be here
   A            Bm            A              Bm
To sing me Happy Birthday for the next one hundred years
         A                   G
And it s okay if they re not perfect
       D/F#                        Em                    G
Well, even if they re a little broken, that s all right,  cause so am I

Verse Three:
D            D/F#           G/B           D
Well, I guess I should go, it s almost time for bed
G        D/F#                    Em
And maybe next time I write you,      I ll be at home

Chorus Three:
 Cause all I really want for Christmas is someone to tuck me in
Tell me I ll never be alone, someone whose love will never end
Of all that I could ask for, well, there s just one thing I need
      A           G         A   G
All I really want for Christmas
      A           G         A   G
All I really want for Christmas
     D        Dmaj7   G    D  Dmaj7   G
Is a family
       D        Dmaj7   G
Just a family
                  D        Dmaj7   G
That s all I really need
