

**Definition Of Me**  
**Steven Curtis Chapman**

[Verse 1]

**Am7**                      **E/G#**                      **C/G**  
here come those words you get a run for  
                         **F#dim**  
cover while dodging them  
**F**                      **G**  
still they seem to find a way  
**G/E**                      **F**  
around my best defense  
**Am7**                      **E/G#**  
here come those little thoughts  
                         **C/G**                      **F#dim**  
of all I ought to be but Iâ€™m not  
**F**                      **G**  
I try talking to myself  
**G/E**                      **F**  
still Iâ€™m not convinced

[Pre-Chorus]

**G/E**  
Iâ€™m good, Iâ€™m bad,  
                         **F**  
Iâ€™m everything in-between  
**G/E**  
Iâ€™m this, Iâ€™m that  
**C/F**  
but where he got me broke no

[Chorus]

**C**                      **G#aug**                      **Am**

and your love that reminds me  
**G#aug**                      **Bb**                      **C**  
Itâ€™s not what I do  
**C**                      **G#aug**                      **Am**  
this life I live you have given  
                         **Bb**                      **F**  
and you I am head of  
**G**                      **Am**                      **C/G**                      **F#m**                      **Fm7**  
this is what I know is true that the
