VERSE:

```

C                                  Dm
Some call her strange lady from the mountains
      F          G          Am
Well, others say she s not really real
      C
Like a candle burns bright
              Dm
Wants to burn faster
      F          G          Am
Well, maybe then, at least, she really feels
              G          F
Burning like a candle in the middle
```

VERSE:

```

C                                  Dm
She s lonely, lost, she s disconnected.
      F          G          Am
She finds no comfort in her surroundings.
      C                                  Dm
Beautiful, insecure, she has nothing.
              F          G          Am
She moves from situation to situation, like a ghost.
      G          F          C
Then she see s him, candle burning.
```

CHORUS:

F **G** **Am**
 Strange, she runs with the ones she can't keep up with
F **G** **Am**
 Ooh, It's so strange, slows down, so desperate to stop her
F **G** **Am**
 Meet her in the middle, they both run from the one who hunts them.
Am **F** **G** **C** **Am**
 They drop too forceful, frozen,
Am **F** **G** **C** **Am**
 They drop too forceful, frozen...

VERSE:

C **Dm**
 He loves her, but he needs his life alone as well
F **G** **Am**
 But does he know the road or the reasons why
C
 If he leaves her
Dm
 He'll be losing the chance to stay alive
F **G**
 But, the candle burns bright
Am
 Then the candle dies
G
 Burning from the middle
F **C**
 Like a candle

CHORUS:

F **G** **Am**
 Strange, she runs with the ones she can't keep up with
F **G** **Am**
 Ooh, It's so strange, slows down, so desperate to stop her
F **G** **Am**
 Meet her in the middle, they both run from the one who hunts them.
Am **F** **G** **C** **Am**
 They drop too forceful, frozen,
Am **F** **G** **C** **Am**
 They drop too forceful, frozen...

BREAK:

F **G** **Am**
 Strange, she's layed on the floor in silent pain
F **G** **Am**
 Strange, she sat in the chair for months just staring
F **G** **Am**
 Strange, she knows too much to walk away

F **G** **Am**
 Strange, she couldn't do it anyway,
F **G** **Am**
 Strange, she's lyed on the floor in silent pain
F **G** **Am**
 Strange, she sat in the chair for months just staring
F **G** **Am**
 Strange, she knows too much to walk away
F **G** **Am**
 Strange, she couldn't do it anyway

F **G** **Am**
 He slows down
F **G** **Am**
 He slows down
F **G** **Am**
 He slows down,
F **G** **Am**
 She couldn't do it
F **G** **Am**
 She couldn't do it
