Thank God it never found me, would have been the end.

[Verse 2]

Lookin back in front of me, in the mirror s grin.
Through eyes of love I see, I m really lookin at a friend
We ve had all our problems, that s the way life is.
My heart goes out to others, who are there to make amends.

(Walkin the tightrope) Trying to make it right
Every day and every night
Bring it all around.
From the lost to found.

Stretched around the world.
Save the boys and girls.
Let s make it right.
Do it, do it tonight.
Walkin the tightrope.
