Since there were no tabs for this song I decided
to tab it.

Basically this is one of SRV s easier songs, except
for the solos.

SRV had a very unique style. He put his thumb
over all the string to get a unique sound. At about
23 seconds of this song, he uses this technique.
This is very hard to tab, almost impossible. I can t make
it sound right in the tab so I just do the best I can.
