

In Your Corner
Stevie Wonder

C#

I hear tell there s big fun tonight

On the corner of Main and Dog-Meat-Bite

C#

Friday midnights would not be right

Without Redd s hot party and a nasty fight

F#

But I ll be in your corner

G#

Bbm

I ll be in your corner, if they do

F#

I ll be in your corner

G#

Bbm

I ll be in your corner, if they do

C#

You can t renege cause it s going to be alive

Fine women, lots of liquor and stuff for your mind

C#

Now where we re going they don t like your kind

But they ll cool out when you tell

them you re a friend of mine

F#

Cause I ll be in your corner

G#

Bbm

I ll be in your corner, if they do

F#

I ll be in your corner

G#

Bbm

I ll be in your corner, if they do

Bbm

G#

You can t tell your pa and mama

F#

G#

Where we re going going till after we ve been there

Bbm

G#

Cause that might make their poor heads worry

F#

G#

And worrying can cause grey hair

F#

And one thing might lead to another

G#

And if there e any trouble they ll blame it on me

I think we just might have two to go
The pretty looking over here from the middle of the floor
We ll make a b-line to Hotel La Sin
Where you ll do the talking to get us in

We shoulda been long gone cause this place is hot
Cause in the corner there are two
brothers that are undercover cops
If they stop us for questioning mum is the word
Cause a question not answered is an answer not heard

And I ll be in your corner
I ll be in your corner, if they do
I ll be in your corner
I ll be in your corner, if they do

You can t tell your pa and mama
Where we re going going till after we ve been there
Cause that might make their poor heads worry
And worrying can cause grey hair
And one thing might lead to another
And if there s any trouble they ll blame it on me
