If you see me walkin down the street, better get out my way.  
I m a real king-hitter, always have my say.  
If you re lookin for a heavy time, best you don t come around.

**Ab**  
I used to be a peaceful man of flowers and love.  
I believed in my soul and the good lord above.  
But I was forced to change my tune, my candles and grace.

By the power of the dollar and the kicks in the face.

**Eb**  
So I m gonna stand here and fight, ain t nobody putting me down.  
**E** **F#** **Ab**  
They call me the black eyed, the black eyed, black eyed bruiser.

**Ab C# Ab** **C# Ab**

**Ab**

They call me a black eyed, black eyed, they call me the black eyed bruiser.

etc.

I have used barre chords for this basic rythym version of this classic Oz Rock song. The Ab is quickly released and/or slid down to the F# for the majority of the verses.
