

**Australia Street**  
**Sticky Fingers**

Another great song from a top aussie band!!

[Intro]

**F G Am**

**F G C**

[Verse]

**F C E F** (listen for the strumming pattern played throughout the verse)

It was a real sunny we were chilling in the land  
Of the Camperdown park nobody had a frown  
Reminiscing on the days when we used to have a blaze  
Everybody came around and we laxed out on the laze  
And I remember when we d drink  
And we d smoke and we d spar and we d laugh  
And the night would just go on and on  
For the rest of my life that memory will stay man  
Fuck that was a good time

[Chorus]

chorus and pre-chorus is just **F F Am G**

I dont feel afraid from you x 4  
Cuz I m high - chewing on your taste  
Forever feels like such a waste  
So many places to be, people to meet, in tropical heat

[Verse 2]

See now this is the time when everything was perfect  
We can jump around to the sound of the music  
When you feel it the bass jumping through the tremelo  
Passages just seem to go real real slow  
And this is what I want and this is what you get  
Come and share a toast for all these times we recollect  
From the start into these bends we unwind our weary heads  
Being clever never sweats ya when forever has no end

[Chorus 2]

Cuz I m high - chewing on your taste  
Forever feels like such a waste  
So many places to be, people to meet, in tropical heat  
I dont feel afraid from you x 4

(use chorus chords for the final verse)

[Verse]

You can not contemplate on all of what we ve mastered  
Compelled by different women as a strong current passes  
All the little organisms swirling through the white  
All my rested hollow bones ready to pick a fight  
All my pity gets witty and driven through the sky  
All the faces that change the same smile far and wide  
I was coming down the other day next thing I was years away  
I only wish that we could stay MY BRUDDAZ

ENJOY!!!
