

**Liquorlip Loaded Gun**  
**Sticky Fingers**

Verse:

**A** **E**  
I wish I could disappear  
**A** **E**  
So you would never see me in this mess I get in  
**A** **G#m**  
However hard I try, keep on stumbling still  
**D** **E**  
Once in a while I ll show you who I am  
Where I can

Chorus:

**D** **F#m** **E**  
Open up the oceans, jump on in  
The masters of the coastlines beckoning  
Unfold my only life vest, sink or swim  
Through the everlasting worlds begin

Verse:

**D**  
In the night I went out searching  
**F#m** **E**  
It took me three years and a girl  
**D**  
We was blinded by the stars that hit  
**F#m** **E**  
Our gentle little world  
**D**  
The rocks turned into water  
**F#m** **E**  
And what was clear became a blur  
**D**  
We was good but the bad got worse  
**F#m** **E**  
The sinking ship began to burn  
**D**  
So I shook across her mountain face  
**F#m** **E**  
Cause I m a liquorlip loaded gun  
**D**  
Look and talk through eyes that sting  
**F#m** **E**

And then a stranger sung to me

Chorus:

**D**                    **F#m**            **E**  
Open up the oceans, jump on in  
The masters of the coastlines beckoning  
Unfold my only life vest, sink or swim  
Through the everlasting worlds begin

Bridge: (Mesmos acordes do refrão)

Standing on my haido  
Tangled up in a blue  
Rambling cut my front tooth  
Another buster knuckle bruise  
Not a shining golden airplane  
Gifted full of booze  
Even flying at the speed of light  
Reached high enough for you
