

Until
Sting

[Intro]

Em F#7

[Verse 1]

Bm Gmaj7
If I caught the world in a bottle
Em F# Bm G
And everything was still beneath the moon
G Em F#
Without your love would it shine for me?
Bm Gmaj7
If I was smart as Aristotle
Em F# Bm G
And understood the rings around the moon
G Em F#
What would it all matter if you loved me?

[Chorus]

Em A Dmaj7
Here in your arms where the world is impossibly still
Bm G
With a million dreams to fulfil
G F#
And a matter of moments until the dancing ends
Em A Dmaj7
Here in your arms when everything seems to be clear
Bm G
Not a solitary thing would I fear
G F#
Except when this moment comes near the dancing s end

[Verse 2]

Bm Gmaj7
If I caught the world in an hourglass
Em F# Bm G
Saddled up the moon so we could ride
Em Bm G Em
Until the stars grew dim, until...
Bm Gmaj7
One day you ll meet a stranger
Em F# Bm G
And all the noise is silenced in the room
G Em F#
You ll feel that you re close to some mystery

Bm **Gmaj7**
In the moonlight and everything shatters
Em **F#** **Bm** **G**
You feel as if you've known her all your life
G **Em** **F#**
The world's oldest lesson in history

[Chorus]

Em **A** **Dmaj7**
Here in your arms where the world is impossibly still
Bm **G**
With a million dreams to fulfil
G **F#**
And a matter of moments until the dancing ends
Em **A** **Dmaj7**
Here in your arms when everything seems to be clear
Bm **G**
Not a solitary thing would I fear
G **F#**
Except when this moment comes near the dancing's end

[Outro]

Bm **Gmaj7**
If I caught the world in an hourglass
Em **F#** **Bm** **G**
Saddled up the moon so we could ride
Em **Bm** **G**
Until the stars grew dim
Em **F#** **Bm** **G** **Em**
Until the time that time stands still, until...
