TEN DANCES

INTRO: **G-Em-C-G**

G
You think she comes from a fairytale

C
You wouldn't think I could have

G
This little girl couldn't remember then

C
But we sure couldn't forget

G
Sang a song sang it all night long

C
A matter of fact we did

G
You sound confused stoned a bit

C
But made the best instead

D **Am**
And father said son get some

D **Am**
You don't need a reason

D **Am**
I'd love to tell you all the things I knew

C **D**
There were things I knew back then

G **D**
Ten dances on a fancy night

Am **C**
Pay for it all

G **D**
No sleep till the morning comes

Am

No sleep at all

C **G**
