```
 F#                                B
   Broken hearted from the day you were born
 F#                             C#
   It ain t your fault don t you worry babe
 F#                                           B
   They will try to break you they will try to drain you
 F#                          C#
   You gotta learn just to turn away
 F#                        B
   You were born with angels  wings
 F#                               C#
   Look in the mirror that s all you ll see
 F#                         B
   All the things you want you know
 F#                       C#              (hold the C#)
   You gotta love it completely
```

```

```
 F#                             B
   No one should try to change your plans
 F#                             C#
   That you should know and understand
 F#                             B
   See yourself from the point of view
 F#                    C#
   That no one controls you
 F#                              B
   You were born with the world in your hands
 F#                     C#
   But it can easily slip away
 F#                                          B
```

```
         You re feelin fragile but you re more than able
F#                              C#              (hold the C#)
   I m just here to help you see the way

   You will never be alone....

F#                  B
   Don t forget they stole your laugh
F#                  C#
   You don t wanna go back to that
F#                      B
   Coming at you with a fury of lies
F#                      C#
   You gotta learn just to turn your back
F#             B
   You got so much to give
F#                  C#
   More than they ll ever know
F#                      B
   You were born with angels  wings
F#                      C#                 (hold the C#)
   Look at the shadow that cast on the floor
