

The Conflagration
Stone Sour

Standard Tuning, Capo on 1st fret

Am **G**
Every now and then a lifetime needs a second chance-
Am **D**
To find another one like you
Am
Don't forget your better reason-
G **Am** **D**
All your silly risks will bring you down
Am **G**
Oh several years of bitter Mondays take a heavy toll-
Am **D**
And then you realize, it's you
Am
Until you make this easy harder-
G **Bb**
No one else will care if you're around

CHORUS

Dm **C** **Bb**
If you live your love with no to most
Dm **C** **Bb**
Every day is just about the sorrow
Dm **C** **Bb**
You should know what they want to get
Dm **C** **Bb**
If it's you, they won't let you forget

C Bb G

VERSE 2

Oh so much for gentle lions-
Gathering the sheep
All I wanted was-
Something safe
Show me your ungrateful tyrants
I'll point out the mirror-
Point to you
Oh this is where forever gets us-
Immoral wishes and oblivion
I can't stay
I don't need the conflagration
I don't need the hate

And I don't need you

CHORUS 2

Interlude:

C Bb C Bb C Bb

Am G F E

Am G Am D

Am G Bb

CHORUS 3

OUTRO:

C Bb
Oh I m on my own

C Bb
I m on my own
