

Through Glass
Stone Sour

----- Capo on 1st fret -----

Verse:

I m looking at you through the glass **F**
Don t know how much time has passed **G**
Oh, God it feels like forever **Am**
But, no one ever tells you **Am**
That forever feels like home **F**
Sitting all alone inside your head **G** **Am**

How do you feel? **F**
That is the question **G**
But, I forget **Am**
You don t expect an easy answer

When something is like a soul **F**
Becomes initialized **G**
And folded up like paper dolls and little notes **Am**
You can t expect the bitter folks **F**
And while your outside looking in **G**
Describing what you see **Am**
Remember what your staring at is me

Cause I m looking at you through the glass **F**

Verse 2:

How much is real?

So much to question

An epidemic of the mannequins

Contaminating everything

And if that came from the heart

It never did, right from the start

Just listen to the noises (No more silent voices)

Before You tell yourself

It s just a different scene

Remember it s just different from what you ve seen

Chorus:

I m looking at you through the glass

Don t know how much time has passed

Now all I know is that it feels like forever

And no one ever tells you

That forever feels like home

Sitting all alone inside your head

Cause I m looking at you through the glass

Don t know how much time has passed

Now all I know is that it feels like forever

And no one ever tells you

That forever feels like home

Sitting all alone inside your head
