ART SCHOOL GIRL

Tuning: Standard

Intro and Verses: (Clean) - Play 12 times for the intro and first verse. I think just play it 8 times per verse after that.

I can t get a few slight parts, inbetween chorus . It s some strange chords I think, and there s some distortion (unusual) which makes it hard to hear. The solo seems to be somewhere near the 8-12th fret(s). I believe the first note is the 15th fret on the 1st string, but other than that i m stuck on the solo as well. I m going to keep working on it, but it may take some time. Anyone else who can figure some out, please do! :)
