[Verse 2]

(same as verse 1)

The things I ve done and the place I ve been  
They don t compare to the love I m in  
It beats all I ve ever seen  
If you d told me a few years back  
that I d be still living here  
At this place I m at  
I d say you re living in a dream, Girl I m here forever

[Chorus] (x2)

(same as the first one)

We got moonlight, All night  
Lord, I pray on the next star I see tonight  
We never lose this thing we found  
With you By my side  
I can do without the city lights  
I fly so high when you re around  
That my feet dont touch the ground

Lord, My feet dont touch the ground repeat 2 x s
