

**Inside Outside**  
**Storm Large**

[Intro] **A C G D**

**A C**  
Inside outside all around  
**G**  
We hide in plain sight  
**D B**  
Head down

**Em Bm**  
I thought I would die  
**D A**  
In a blaze of electric sparks on stage  
**Em Bm**  
Or I maybe would crash in a muscle car  
**D A**  
Next to a movie star

**Em**  
My funeral would be  
**Em**  
All over the TV  
**A G**  
And Elton John would sing a song for me

**A C**  
But oh no, I m not a shining star  
**G**  
I don t know who you are  
**D**  
I m just that girl who s dying  
**A C**  
And Oh, I m just a nobody  
**G**  
Can anyone hear me  
**D B**  
I m just that girl who s dying

**Em Bm**  
Inside, I can pretend  
**D A**  
That I am adored by millions of friends  
**Em**  
And if I disappeared  
**Bm**  
They d gather every year  
**A D**

They'd light their candles and dry their tears

**A** **C**  
But oh no, I'm not a shining star

**G**  
I don't know who you are

**D**  
I'm just that girl who's dying

**A** **C**  
And Oh, I'm just a nobody

**G**  
Can anyone hear me

**D** **B**  
I'm just that girl who's dying

**C** **A**  
Oh no, oh oh oh oh

**Em** **G**  
I can't go out unloved and unknown

**C** **D**  
Oh oh oh

**Em** **G**  
Sloppy and crazy, somebody save me

**C**  
Open your eyes
