

**The Cold Harbour Road  
Stornoway**

**Bm D G** for the verse

I am a seabird you are the arctic ocean  
I know your seasons and your sanctuaries  
And when I m wheeling over your wild white horses I know  
There s nowhere else that I belong

**E** for the bit between verse

**Bm D G**

I am a small town you are a tornado  
And down the high street you tear into me  
Bring down the power lines a  
And you twist the heart right out of me  
Leaving my outskirts devastated

**E**

**G** **Bm** **D** **G** **Em G Bm**  
And as you re going tears are flowing. Ooooooooooh.  
**Em** **Bm** **F#m Em** **G Em F#m**  
Cause while you re leaving I m still believing.

**Bm D G**

You are a memory I am the mind you enter  
A single moment in a single bed  
This is the feeling you are bringing back to me of when  
I was on the cold harbor road

**E**

**G** **Bm** **D** **G** **Em G Bm**

All in the morning and my ears are ringing

As I lie wide awake on the living room floor
