Stornoway - Watching Birds

I think this is correct, the timing on a few of the chords may be slightly out but I reckon its a good first attempt.

Intro

```

                                                    x1
e ----0-0-0--0-0-0--0-0-0--0-0-0----|
b ----0-0-0--0-0-0--0-0-0--0-0-0----|
g ----1-1-1--1-1-1--1-1-1--1-1-1----|
d ----2-2-0--2-2-0--2-2-0--2-2-0----|
a ----2-2-0--2-2-0--2-2-0--2-2-0----|
E ----0-0-0--0-0-0--0-0-0--0-0-0----|

```

Normal strumming starts-

(with occasional hammer-ons - For both E and F#m)

```

e ----0-0-0-0-0--0-0-0-0-0----|
b ----0-0-0-0-0--0-0-0-0-0----|
g ----1-1-1-1-1--1-1-1-1-1----|
d ----2-2-0-0-0--2-2-0-0-0----|
a ----2-2-0-0-0--2-2-0-0-0----|
E ----0-0-0-0-0--0-0-0-0-0----|

```

```

E                                F#m
Oh well her eyes they hypnotised
F#m                                E
Like a pair of headlights
E                                F#m
And I remember how she crashed
F#m                                E
Headlong into my life
E                                F#m
So I said now close those eyes
F#m                                E
Stick a pin into this map
E                                F#m
And then she said now look around
F#m                                A
Because there ll be no looking back

```

A G G E

Oh and it s a Monday night in June

I m in the garden dreaming

And I ve got one chair for myself
