

In The Shadows
Story of the Year

intro

C9-Em

Just need timing(just hit strings **E,A,D**)

C Bb C-D5

We both take the hardest punches

C-Bb C-D5

And collect black eyes just to prove it

C-Bb C-D5

Still we pass by just like strangers

C-Bb C-D5 Bb

And we speak just like the closest enemies (enemies)

Dm5-C Bb

Woah, in the shadows of our life

Dm5-C Bb

We can fall into the night unscarred

Dm5-C Bb

Woah, in the shadows of our life

Dm5-C Bb C

We can never let it go this far

(verse chords)

Somehow my words are rendered useless

Still I pull my lip down to my chest

Just to show you how my jaw is

Tired from waiting to say the things that you should hear (you should hear)

Woah, in the shadows of our life

We can fall into the night unscarred

Woah, in the shadows of our life

We can never let it go this far

Dm5 C Bb

Afterall we re still the same

Dm5 C Bb

These empty promises seem to never change

Dm5 C Bb

there s a smile on my face and it s 2:55 AM

Dm5 C Bb

and this cramp in my wrist puts me back to sleep till it all comes around again
