

## Autopilot Stratford 4

The Stratford 4 " Autopilot

tabbed by: kates78@hotmail.com

Intro:

```
e|-----  
B|-7-7-7-8-10---7-7-5-5-3-3-----  
G|------(7-7)-----  
D|-----  
A|-----  
E|-----
```

() indicates alternate fingering

repeat 4 times, on the last time only play the first 5 notes:

```
B|-7-7-7-8-10-
```

Verse 1:

```
D      Em  
  This world's too small  
D      Em  
  I can't go anywhere at all now  
D      Em  
  "Cos everything I see  
D      Em  
  It just reminds me of me  
D Em  
And you're|  
D Em  
And you're|
```

\*This pattern continues throughout all the verses, with the first 5 notes of the intro coming in on guitar 2

Chorus:

```
G      G D  
  Gonna put it in an autopilot  
G      G      D  
  Close my eyes and just let you drive it  
G      G D  
  Gonna put it in an autopilot  
G      G      D      Em  
  Close my eyes and just let you drive it, home's|
```

Solo:

pick b fret 7 for a while, then go into:

```
e-----  
B-7-7-7-7-7-7-7h8-7-5-5-5-5-5-5h7-5-3-3-3-3-3-3-3-3-3-3-3-3  
g------(7-7-7-7-7-7-7-7-7-7-7)  
d-----  
a-----  
E-----
```

repeat twice, on the second time play b fret 3 (or g fret 7) just a few times,  
then finish w/  
B-7-7-8-10

thatâ€™s pretty much it, the intro melody and the chords are the same throughout  
the song,  
then it ends like this:

```
D      Em  
Do you see my face  
D      Em  
When you close your eyesâ€|
```

D, Em, G

repeat the last three chords four times, I donâ€™t know how to write out the  
strumming pattern but  
itâ€™s easy to get if you listen to the song. on the last time through slow down  
on the G and finish on D.

I hope this is right and Iâ€™m not the greatest at writing tabs so hopefully you  
can understand this.  
any questions or comments just email me, thanks.
