[Verse]

 G Em G Em
It s a warm summer s evening and it s been a beautiful day

Cause tomorrow will show me what I can t see today___

Oh, those changes arrange us, like the warmth of the storm
 G C G C
Cause this change comes to cool us and you know it can t be wrong
G C G C
Evolution rules us from the moment we are born
 G C G A D
So just blow with the wind and the warmth of the storm___

[Verse]

G Em G Em
Change is three white horses, one creates and one maintains
 G Em G Em
And though the last one is destructive, it can come to ease your pain
 G Em G Em
Cause you re caught up in the wheels of life, you can t escape
 G Em G A D
You should try to resist it, you know the force is far too great___

[Chorus]

 G C G C
Oh, those changes arrange us, like the warmth of the storm
 G C G C
Cause this change comes to cool us and you know it can t be wrong
G C G C
Evolution rules us from the moment we are born
 G C G A D
So just blow with the wind and the warmth of the storm___

[Verse]

G Em G Em
Everybody gets them, it ll catch you if you run
 G Em G Em

You know you never can escape it, can t you feel it s got to go
G Em G Em
Sometimes something will tell you, that you just can t stay this way
G Em G A D
Even though it has been a most beautiful day___

G C G C
Cause this change comes to cool us and you know it can t be wrong
