It s easier than losing sleep

The young girl s fancies loosely spun

The dragonfly with folded wings
C F
Has found the pleasure true love brings
G
And while we live in Tiffany time
C F
The ring has stood the test of time
G
Nowadays it's far more clear
C F
With all the loves I held so dear
G
Swirling gently through the mist
C
With softer tongue and velvet fist

As though they seem to understand
C
It started out with nothing planned
