Where do you go -- David Cousins                  Recorded by The Strawbs  
=====

**A**            **E**            **D**            **E**  
When you were young you were protected  
          **A**            **E**            **D**            **E**  
When you were growing you were sheltered  
          **A**            **E**                    **D**            **E**  
But when you reached your adult years  
NC                            **A**  
You were left alone  
                          **D**            **E**            **A**  
And you had no-one to rely on  
**D**            **E**            **A**  
No one to care for you  
**D**    **E**                            **E7**  
A lost soul in search of some kind of shelter and protection

CHORUS:

**D**            **E**            **A**  
Now where do you run  
          **D**            **E**            **A**  
Where do you hide  
                          **D**                            **E**  
When you need a hole to crawl in  
          **D**            **E**            **A**  
Where do you go?

I found that in our darkest hour  
The young ones that I knew and loved well  
Beckoned with the memory  
Of their alluring spell  
And so I gathered up my senses  
Bade one and all godspeed  
If my ways were what you desired then love is what you must need

(Chorus)

I tried to find a consolation  
But realized that deep down inside

Consolation is but yet  
My all despairing pride  
And now I m dark eyed and bewildered  
My guts can feel the strain  
My mouth is dry, my chest is tight, and my forehead s lined with the pain

(Chorus)
