

For The Best
Straylight Run

D **A** **E** **F#m**
It takes more time than I ve ever had,
 D **A**
Drains the life from me,
 E **F#m**
Makes me want to forget,
 D **A**
As young as I was,
 E **F#m**
I felt older back then,
 D **A**
More disciplined,
 E **F#m**
Stronger and certain,
 D **A**
But I was scared to death of eternity,
 E
I was saved by grace,
 F#m
But destroyed by naivety,
 D A **E A**
And I lied to myself,
 D A **E A**
And said it was for the best,

 D **A** **E F#m**
And now faith is replaced with a logic so cold
 D **A**
I ve disregarded what I was,
 E **A**
Now that I m older,
 D **A** **E** **F#m**
And I know much more than I did back then,
 D **A**
But the more I learn,
 E **A**
The more I can t understand,
 D **A**
And I ve become content with this life that I lead,
 E **A**
Where I drink to much and don t believe in much of anything,
 D A **E A**
And I lie to myself,
 D A **E A**
And say it s for the best,
