One More Time

The lyrics may not be all correct - the ones in brackets are the ones I m
not sure of. Maybe you can help me here...

B **A** **B** **A**
Heard a little rumour that s been going round town

B **A** **B** **A**
He was your boyfriend I was your clown

B **A** **B** **A**
I was waiting in the wings cause I knew he didn t care oh yeah

B **A** **B** **A**
And when he told you so I was standing right there uh huh

Pre-Chorus

G **A**
Is your heart still cold (is the heat not there)

G **A**
Have you had a change of mind

G **A**
Call it love, honey I don t care

G **A**
Get it up one more time

Chorus

B	A
One	more time

B	A
One	more time

B	A
One	more time

Get it up one more time

Once that I had you I found I didn't want you
You're always around me like a dream that haunts you
I thought I could score with the Sally next door, oh yeah
But when she slapped my face I was back at your door, uh huh

Pre-chorus and Chorus

Bridge

E Esus4 E G F# E

Yeah..... I know you ve been burned, but I ain t gonna hurt you

E Esus4 E **G** **A**

Yeah..... You re better than a look at a picture in a book YEAH!

Chorus (Bass only)

1st verse, pre-chorus, chorus (repeat ad lib.)

Note: in Bridge, use high voicing of E (I believe the barre is on the seventh fret) and on the second line of Bridge, use 10th fret G and 12 fret A - it hurts but it sounds better. :)
