

Anything Goes
Striving Vines

[Verse 1]

D **Bm**
In a heartbeat getting cold feet
A
and you can't think at all
D **Bm**
But anything goes where the wind blows
A
when the stars are glowing

[Pre-Chorus]

D
I wanna melt your guards
Bm
I wanna tear you apart
A
I wanna dance real slow
D
When the moon hangs high
Bm
and the world is tired
A
all the lights turned low

D **A** **G**
Hey you're the girl I've been dreaming of
D **A** **G**
so why'd you go and leave me low?

[Interlude]

D A

[Verse 2]

D **Bm**
Swept me of my feet it was hard to breathe
A
a moment time was standing still
D **Bm**
but in a heartbeat out in the cold streets
A
she disappeared without a trace

[Chorus]

D **Bm** **G** **A**
Every night she walks away
 D **Bm** **G** **A**
To where my God is hard to say
 D **A**
A bottle burgundy dancing merrily
 G **D**
as she s taking me high
 A
Yeeeah

[Verse 3]

D **Bm**
Running round in my mind, how could I be so blind?
 A
Back and forth I m lost she can t be found
 D **Bm**
Little did I know she never let go
 A
but came running back in my arms

[Pre-Chorus]

D
I wanna melt your guards
 Bm
I wanna tear you apart
