Can't help this habit I'm in love with my disease

But Xanax, Valium, Ativan will make it all ok

A F C D  
It's so much more than a cry for attention  
F C G A  
No loving hands can soothe this ache

**E F C D**  
So much more than a war with the world  
**F E**  
It s my own degradation, it s my own self hate

**A F**  
Iâ€™ll preach my pessimism  
**A F G**  
Right out loud to anyone who ll listen

I m not afraid to be alive

Late at night my monsters find me

From under the bed or out of my past

All alone with nobody to talk to  
**F E**  
Sanity gets put to the test

**A E C G**  
I close my eyes but I m still haunted  
**A E F G**  
Sometimes I get too twisted to sleep  
**A E C G**  
As all my world crumbles all around me  
**F E**  
Inspiration becomes admission of defeat

**A E C G**  
Cause I don t have a mind of my own  
**A E C D**  
I don t have a mind of my own  
**A E C G**  
I don t have a mind of my own

**F E A**  
Everything in my life just thinks for me
