with your suitcase filled with razorblades and turpentine sad eyes

Am **F** **G**
of a scarlet glazed in promises made too divine to be real

Am **F** **G**
a runaway too shiftless to know what is wrong don t make it right

F **G** **Am**
and sometimes I wonder if I knew you could I change you or

F **G** **C** (hold for 2 bars)
would you be the same to me right now

(repeat the **Am, Am, F, G** intro)

Am **F** **G**
your reason to live became a reason to die and now you re gone

Am **F** **G**
I think about you in black in white faded news paint still life memory

Am **F** (onebar) **G** (onebar)
of a broken body in a cheap perfume disguise

Am **F** **G**
well I just wanna know you found some peace before you left this place

F **G** **Am**
well it s alright to be afraid of what your eyes can t hide with both hands
tied

F **G** **Am**
did you sink yourself, did you cheat yourself, how did you stray so far to end
up here

F **G** **Am**
to know yourself is to destroy yourself, and what you are you could not hide

F **G** **C** (two bars)
a clue is all I have to understand

For the break down and solo play the **Am, Am, F G** riff.

sound and bled instant fame in red now you re in the spotlight again

a different tale with a darker twist but for sure you knew that you would always
be the star

C **Dm** **F**
no lost innocence because there never was just you and the world

C **Dm** **F** **F F F G G G**
no fairy tale could ever end like this it's just another bad luck tale

all used up and on the run from you
