G#m **E** **F#**

Got a feeling you were alone and on the run

G#m **E** **F#**

with your suitcase filled with razorblades and turpentine sad eyes

G#m **E** **F#**

of a scarlet glazed in promises made too divine to be real

G#m **E** **F#**

a runaway too shiftless to know what is wrong don t make it right

E **F#** **G#m**

and sometimes I wonder if I knew you could I change you or

E **F#** **B** (hold for 2 bars)

would you be the same to me right now

(repeat the **G#m, G#m, E, F#** intro)

G#m **E** **F#**

your reason to live became a reason to die and now you re gone

G#m **E** **F#**

I think about you in black in white faded news paint still life memory

G#m **E** (onebar) **F#** (onebar)

of a broken body in a cheap perfume disguise

G#m **E** **F#**

well I just wanna know you found some peace before you left this place

E **F#** **G#m**

well it s alright to be afraid of what your eyes can t hide with both hands
tied

E **F#** **G#m**
did you sink yourself, did you cheat yourself, how did you stray so far to end
up here

E **F#** **G#m**
to know yourself is to destroy yourself, and what you are you could not hide

E **F#** **B** (two bars)
a clue is all I have to understand

For the break down and solo play the **G#m, G#m, E F#** riff.

B **C#m** **E**
sound and bled instant fame in red now you re in the spotlight again

B **C#m** **E**
a different tale with a darker twist but for sure you knew that you would always
be the star

B **C#m** **E**
no lost innocence because there never was just you and the world

B **C#m** **E** **E E E F# F# F#**
no fairy tale could ever end like this it's just another bad luck tale

B **C#m** **E**
all used up and on the run from you
