Bm **G** **A**
Got a feeling you were alone and on the run

with your suitcase filled with razorblades and turpentine sad eyes

Bm **G** **A**
of a scarlet glazed in promises made too divine to be real

Bm **G** **A**
a runaway too shiftless to know what is wrong don t make it right

G **A** **Bm**
and sometimes I wonder if I knew you could I change you or

G **A** **D** (hold for 2 bars)
would you be the same to me right now

(repeat the **Bm, Bm, G, A** intro)

Bm **G** **A**
your reason to live became a reason to die and now you re gone

Bm **G** **A**
I think about you in black in white faded news paint still life memory

Bm **G** (onebar) **A** (onebar)
of a broken body in a cheap perfume disguise

Bm **G** **A**
well I just wanna know you found some peace before you left this place

G **A** **Bm**
well it s alright to be afraid of what your eyes can t hide with both hands
tied

G **A** **Bm**
did you sink yourself, did you cheat yourself, how did you stray so far to end
up here

G **A** **Bm**
to know yourself is to destroy yourself, and what you are you could not hide

G **A** **D** (two bars)
a clue is all I have to understand

For the break down and solo play the **Bm, Bm, G A** riff.

D **Em** **G**
sound and bled instant fame in red now you re in the spotlight again

D **Em** **G**
a different tale with a darker twist but for sure you knew that you would always
be the star

D **Em** **G**
no lost innocence because there never was just you and the world

D **Em** **G** **G G G A A A**
no fairy tale could ever end like this it's just another bad luck tale

D **Em** **G**
all used up and on the run from you
