

**Heavy Water**  
**Styx**

This is one of James Young/Tommy Shaw s songs on the Brave New World Album.

I only know the intro/chorus, prechorus, and solo. I might try to get the verses up some time. Anyway, this is a really easy song to play. Also my first tab and lyrics, so... enjoy.

Verse 1

Sittin here on terra firma  
It s the place we were meant to be  
Out here kinda lost in space now  
Pondering life s mystery  
All of mankind worship at the altar  
Of the old mythology  
But the genie s out of the bottle  
Collision course with eternity

Intro 2X

Verse 2

Young children playing in the chat room  
With the freaks and the satellites  
Upload to the nearest planet  
Burnin out at the speed of light  
Better livin for the masses  
With the new technology  
But some fool went and pushed the button  
He didn t get an apology
