STYX--Lorelai

(Dennis DeYoung)

Tabbed by Jim Barringer (jmbarringer@juno.com)

First tab, please point out mistakes :)

Special note: I m working from the Extended Versions Live CD, so my version will probably be slightly different from the regular version. It should still be close enough though.

(synth plays intro and 1st vs)

When I think of Lorelai

My head turns all around

She s gentle as a butterfly

She moves without a sound

D D7 D Dsus4

I call her on the tele phone

D D7 D G

She says be there by 8

D D7 D Dsus4

Tonight s the night she s moving in

D D7 D G

And I can hardly wait

Chorus

D

The way she moves

G

Ooh ooh ooh-oo

G

I wanna say

D G D

Lorelai let s live together

D G D

Brighter than the stars forever

D G D

Lorelai let s live together

D Asus2(?)

Brighter than the stars forever

D

Oh baby forever

Verse

D D7 D Dsus4

Her eyes be come a paradise
she softly speaks my name
She brightens every lonely night
No one s quite the same
She calls me on the telephone
She says be there by 8
Tonight s the night she s movin in
It s time to sail away

The way she moves
Ooh ooh ooh-oooh
I gotta say

Lorelai let s live together
Brighter than the stars forever
Lorelai let s live together
Brighter than the stars forever
Oh baby forever

D		G		D		G
Lorelai let s live....Lorelai let s live...						
D		G		D		G
Brighter than the stars...brighter than the stars						
D		G		D		G
Lorelai let s live...Lorelai let s live						
D		G		D		G
Brighter than the stars...brighter than the stars						

(guitar solo--find a sharper mind than mine if you want the tabs for that part)

(Repeat the Lorelai let s live....Lorelai let s live... part to fadeout)
