

Waiting For Our Time
Styx

Album: Cyclorama
Year: 2003
Tuning: Standard

Ok, this song is absolutely beautiful and its off their new album CYCLORAMA
If you have the album I would appreciate it if you could clarify for me what the
had in the past usually relate to the album Title, and the title usually relates
to the album theme) So yea the frikkin carrot has me stumped =P Oh and good luck
singing this unless you can sing Tommy Shaw good. His voice sounds high like a
frikkin girl, but it s all good. Anyway Tommy has lead vocals on this, and he s
his ass of like he always does, cuz lets face it: Tommy s tight, but JY kicks
ass
and takes names and thats all there is to it =P. Anyhow, here s this beautiful

Intro: (Guitar 1 = acoustic, Guitar 2 = electric)

A vision of my life
With you here by my side

Every forward step I take
Every moment I m awake
I feel your love inside

So close I feel it in my bones
I know I m not alone as I climb this wall
But I, sometimes I get so high
I just want to live, love
And taste it all
