Verse 2 (mesmos acordes que o verso 1: **G A**)
Everyday I wake up just a little bit more feelin
like a dog out on the yard because that s just how we are

Everyday I wonder if it s over when I wake up
realizin that we hate and brake down the war
You say it s black, I don t believe you
And if you say it s white, you say I m tryin to deceive you
and baby you re the winner of the high and the low,
and I d be waiting for you in the
middle but I just lack control.

Chorus

Verse 3:

A G
Girls don t go crazy [x3]
A G
When the men use you. No!
Dm7 Cm7
Oh woman hold your man tight
Dm7 G (pausa)
If it makes you feel right
A G A
It s your own life
