[Intro: **E**]

Bm **E** **A** **F#m**
Back where the dogs bark, where still life bleeds the concrete white

Back where the cars decide, where the lame star limps an endless mile

Have I gone too far inside my mind?

Oh, if you were the one, would I even notice now my mind has gone?
Bb **Gm** **Cm** **E**
Oh, if you were the one, would I even notice?

Bm **E** **A** **F#m**
Back where the car was parked, where the canine in the A-line stole your time
Bm **E** **A**
You can only go so far for womankind

Bb **Gm** **Cm** **F**
Oh, if you were the one, would I even notice now that he has come?
Bb **Gm** **Cm** **E**
Oh, if you were the one, would I even notice?

You can only go so far, you can only go so far

You can only go so far in your mind

Does your love only come, does your love only come
