

Have You Ever Been This Low?

Suede

Em vez de **G#m** e **C#m**, você pode tocar essa sequência:

G#m A#m B C#m Emaj7 (é o que a guitarra toca fazendo arpejos)

G#m C#m

G#m **C#m**

Have you ever been this low?

The taxis take you where you wanna go

Broken windows endless television shows

I haven't ever been so low

Emaj7 G#m C#m G#m

I am the one ohh

I sing the song

My lights are on

B A F#m

But there's nobody home

So much happening today

A thousand people come and go and stay and fade away

They draw the blinds and watch the show

Have you ever been so low?

I am the one I sing the song

My lights are on but there's nobody home

Solo = Verse

I am the one I sing the song

My lights are on but there's nobody home

...nobody home
