**Bbm Cm C# Ebm F#maj7** (é o que a guitarra toca fazendo arpejos)

**Bbm Ebm**

**Bbm Ebm**

Have you ever been this low?

The taxis take you where you wanna go

Broken windows endless television shows

I haven't ever been so low

**F#maj7 Bbm Ebm Bbm**

I am the one ohh

I sing the song

My lights are on

**C# B G#m**

But there's nobody home

So much happening today

A thousand people come and go and stay and fade away

They draw the blinds and watch the show

Have you ever been so low?

I am the one I sing the song

My lights are on but there's nobody home

Solo = Verse

I am the one I sing the song

My lights are on but there's nobody home

...nobody home
