

It Starts And Ends With You
Suede

D

Like a cog without a martyr

Bm

Like an effigy of balsa

G

Like a hairline crack in a radiator

A

Leaking life

D

I shout out but I just spin faster

Bm

I crawl out but my knees are water

G

And I fall to the floor like my strings are cut

Bm

Pinch myself but I don't wake up

G

A

Spit in the wind cause too much is not enough

D

It starts and ends with you

A

Bm

I crawl out but my knees are water

G
