

**The Invisibles**  
**Suede**

[Intro]

**Dm Am Dm E**

[Verse 1]

**Am**

The world waits for you when

**F**

And the dawn breaks for you when

**Dm**

And the media will watch

**Bb**

And she will change her mind

**Am**

I tried to win for you when

**F**

I shed my skin for you when

**Dm**

I loved you like my own

**Bb**

I fed you like a child

[Pre-Chorus 1]

**F**

Stay in bed and feed the day

**Eb**

With my imagination, honey

**Dm**

**D**

Falling through the cracks in people s kindness

**Gm**

And the world won t step aside

**Gm**

I tried to make you want me

**Dm**

I left my home at seventeen

**Gm**

**A**

But everywhere I looked I saw

Another me

[Chorus]

**Bb**

And we are the invisibles

**F**

Plain and lonely

**Db**

**Eb**

**F**

It s funny how it s always out of reach

[Verse 2]

**Am**

I hear the wood pigeons and

**F**

I call my father in and

**Dm**

He sits and hears me sing

**Bb**

But never wonders why

**Am**

Why do I call out in the night

**F**

He found the photos set alight

**Dm**

Everything about her

**Bb**

Makes me want to smile

[Pre-Chorus 2]

**F**

I ll stay in bed and feed the day

**Eb**

With my polite conversation, father

**Dm**

**D**

Papering the cracks in others silence

**Gm**

But I still won t step aside

**Gm**

I tried to make her want me

**Dm**

I tried to play her politics

**Gm**

But every step I took

**A**

I had to swallow this

[Chorus]

**Bb**

But we are the invisibles

**F**

Strange and lonely

**Db**

**Eb**

**F**

It s funny how it s always out of reach

**Db**

**Eb**

**F**

It s funny how it s always out of reach

**Db**

**Eb**

**F**

It s funny how we re always out of reach
