Verse 2:
Oh, day after day every morning
The roundabouts will take us south
Past every train in every station
Traffic signs and circle lines

Chorus:
Cos this time is yours and mine
Oh hear the city sound, see the lonely crowds
This scene is you and me
Oh in the lazy sun, we re the only ones

This time is yours and mine

Oh, we re the city sounds, we re the underground
This scene is you and me
Oh, we re the lazy suns, we re the only ones
