

This World Needs A Father
Suede

Tune down half-step

G **Bm**
hold on, he s coming
Em **C** **D** **C** **D**
through the wheels of the star machine
G **Bm**
hold on, he s coming
Em **C** **D** **C** **D**
through the tears of your shit stained dream

G
in an anthem for the world
C **D**
let him waltz you down the river
G
let him feel like boy or girl
C **D**
with his sci-fi lullaby
G **C** **D**
let the light of the bomb shine from him tomorrow
G **C** **D**
yes this world needs a father for the sorrow

Dm **G** **C** **Am**
so let s have one more, for the lovers
Dm **G** **C** **C7**
and one more, for the friends
F **Fm** **C** **Am**
cos drink to you is all i can do
F **Fm** **D7**
as life slips down, down the drain

hold on, he s coming
with the screen kissed spine of the past
hold on, he s coming
with the style of the wormwood star

sing an anthem for the world
sing a farewell for the river
if you feel like boy or girl
sing a sci-fi lullaby
let the light of the bomb shine from him tomorrow
yes this world needs a father for the sorrow
so let s have one more, for the lovers
and one more, for the friends
for drink to you is all i can do

as life slips down, down the drain
