

**The Man Of Metropolis Steals Our Hearts**  
**Sufjan Stevens**

[Intro]

**E**

**E A D F#m** x4

[Verse 1]

**E**            **A**            **D**  
Trouble falls in my home  
                 **F#m**            **E**  
Troubled man, troubled stone  
                 **A**            **D**  
Turn a mountain of lies  
                 **F#m**            **E**  
Turn a card for my life  
                 **A**            **D**  
Man of Steel, Man of Heart  
                 **F#m**            **E**  
Tame our ways, if we start  
                 **A**            **D**  
To devise something more  
                 **F#m**  
Something half ways

[Chorus]

**E**            **A**            **D**            **F#m**  
Only a steel man came to recover  
**E**            **A**            **D**            **F#m**  
If he had run from gold, carry over  
**E**            **A**            **D**            **F#m**  
We celebrate our sense of each other  
**E**            **A**            **D**            **F#m**  
We have a lot to give one another

[Verse 2]

**E**            **A**            **D**  
I took a bus to the lake  
                 **F#m**            **E**  
Saw the monument face  
                 **A**            **D**  
Yellow tides, golden eyes  
                 **F#m**            **E**  
Red and white, red and wise  
                 **A**            **D**  
Raise the flag, summer home  
                 **F#m**            **E**  
Parted hair, part unknown  
                 **A**            **D**  
If I knew what I read

**F#m**

I ll send it half ways

[Instrumental]

**E A D F#m** x2

[Chorus]

**E A D F#m**

Only a real man can be a lover

**E A D F#m**

If he had hands to lend us all over

**E A D F#m**

We celebrate our sense of each other

**E A D F#m**

We have a lot to give one another

[Instrumental]

**E A D F#m** x4

[Verse 3]

**E A D**

Took my bags, Illinois

**F#m E**  
Dreamt the lake took my boy

**A D**  
Man of Steel, Man of Heart

**F#m E**  
Turn your ear to my part

**A D**  
There are things you have said

**F# E**  
Raise the boat, and raise the dead

**A D**  
If you take us away

**F#m**  
Still we can say:

[Chorus]

**E A D F#m**

Only a steel man can be a lover

**E A D F#m**

If he had hands to tremble all over

**E A D F#m**

We celebrate our sense of each other

**E A D F#m**

We have a lot to give one another

[Instrumental]

**E A D F#m** x2

[Chorus]

**E A D F#m**

Only a steel man can be a lover

**E**            **A**            **D**            **F#m**  
If he had hands to tremble all over  
**E**            **A**            **D**            **F#m**  
We celebrate our sense of each other  
**E**            **A**            **D**            **F#m**  
We have a lot to give one another

[Outrol]

**E A D F#m** x4
