

About you now
Sugababes

C **G**
It was so easy that night
Am
Should've been strong

Yeah I lied
C **G** **Am**
Nobody gets me like you

C **G**
Couldn't keep hold of you then
Am
How could I know what you meant
C **F7** **C**
There was nothing to compare too

C **G**
I know everything changes
Am
All the cities and faces
C **F7**
But I know how I feel
C
About you

C **G**
There's a mountain between us
Am
But there's one thing I'm sure of
C **F7**
That I know how I feel
C
About you

C **G**
Can we bring yesterday
Am
Back around
C **F7**
Cause I know how I feel
C
About you now
C **G**
I was dumb I was wrong

Am
I let you down
C **F7**
But I know how I feel
C
About you now

C
All that it takes
G
One more chance
Am
Don't let our last kiss

Be our last
C **G** **Am**
Give me tonight and I'll show you

C **G**
I know everything changes
Am
All the cities and faces
C **F7**
But I know how I feel
C
About you

C **G**
Can we bring yesterday
Am
Back around
C **F7**
Cause I know how I feel
C
About you now
C **G**
I was dumb I was wrong
Am
I let you down
C **F7**
But I know how I feel
C
About you now

C **G**
Not a day passed me by
Am **Am**
Not a day passed me by

C **F7** **C**
That I don't think about you
C **G**
And there's no moving on
Am **Am**
Cause I know you're the one
C **F7** **C**
And I can't be without you

C **G**
Can we bring yesterday
Am
Back around
C **F7**
Cause I know how I feel
C
About you now
C **G**
I was dumb I was wrong
Am
I let you down
C **F7**
But I know how I feel
C
About you now

C **G**
Can we bring yesterday
Am
Back around
C **F7**
Cause I know how I feel
C
About you now
C **G**
I was dumb I was wrong
Am
I let you down
C **F7**
But I know how I feel
C
About you now

C **G**
But I know how I feel
Am
About you now

C **F7**

Yet I know how I feel

C

About you now
