

Eleven hours on a brand new day
I m getting ready to go out and play
It s late at night
I m caught in a groove
I ll kiss my ass before I m feeling blue
Seven hours what you calling for
A bunch of flowers
And I ll slam the door
You re in my face
Sorry but you re lame
Takes more than begging
To erase my brain

Ooh boy d ya miss me like a hole in the head?
Because I do boy
And it s cool boy and
Ooh betcha never thought I d get out of bed
Because of you boy
Such a fool boy

(use the chords Bm,D,A,E again)

Through with it
Over it
Not having it
This crazy shit
Been feeling this
Indelicate
No more, no more
I m through with it
Not having it
This crazy shit
Not feeling it
Can t deal with it
No more of it
No more, no more

Breaking off the brunt
Brand new day has just begun
Just because you made me go ooh
Doesn t mean I m running with you
Don t you dare tear back
Can t you see I won t take that
I ain t crying now over you
Better free your head up
Like I told you

Why don t you cry
For the guy?
Said goodbye
Run away
Why don t you cry
For the guy?

Said goodbye
I said OK
Cause

Ooh boy d you miss me like a hole in the head?
Because I do boy
And it s cool boy and
Ooh betcha never thought I d get out of bed
Because of you boy
Such a fool boy
(Such a fool)

Ooh boy d you miss me like a hole in the head?
(A hole in the head)
Because I do boy
(I do)
And it s cool boy and
(It s cool)
Ooh betcha never thought I d get out of bed
(Get out of bed)
Because of you boy
(Because I do boy)
Such a fool boy
(Such a fool)

Run away
I said OK cause
Run away.

(this first part can be play without chords)

Seven hours since you went away
Eleven coffees
Ricki Lake on play
But late at night
When I m feeling blue
