

Run For Cover  
Sugababes

INTRO: **Em** - **Am**

**Em** **Am**  
When bruised, coming down

**Em** **Am**  
Then I, get turned around

**Em** **Am**  
I tend to cut myself off

**Em** **Am**  
>From things, I shouldn t run from

**C** **B** **Em**  
It doesn t really matter

**C**  
Sometimes we run for cover

**B** **Em**  
I m always on the outside

**Em**  
Stab me in the back, wanting things that I lack

**Am**  
Sticking to your ploy, is there something you enjoy?

**Em**  
Publicity, and insecurity,

**Am**  
Just wanna be me, it s my need to be free

**C** **B** **Em**  
It doesn t really matter

**C**  
Sometimes we run for cover

**B** **Em**  
I m always on the outside

**C** **B** **Em**  
You never seem to wonder

**C**

How much you make me suffer

**B Em**

I speak it from the inside

**G Em**

Looking right at me

**G Em**

Won't receive my plea

**G Em**

Tell me what you mean

**B**

I'm not what's on the screen

**G Em**

Thinking what will be

**G Em**

Fighting in my sleep

**G Em**

That's quite enough for me

**B**

**G - Em - G - Em - G - Em**

Make me wanna scream

**C**

Keep it to myself

**C B Em**

It doesn't really matter

**C**

Sometimes we run for cover

**B Em**

I'm always on the outside

**C B Em**

You never seem to wonder

**C**

How much you make me suffer

**B Em**

I speak it from the inside
