Sugar Ray : Even Though
Tabbed by : Jir

This is a nice, short and really sweet song, with pretty easy chord progressions.
I first heard it in a concert in Melbourne(they were touring with Live),
and that pretty much generated my interest in this song. It s in the 4:59
album, and it sounds pretty retro(70 s-ish). From what I hear from the song,
there s a rhythm & bass guitar playing together(duh), but I ve arranged it

so that it can be played on one guitar. Not too willing to fork out cash for the sheet music, I tabbed this on my own, since I couldn't find any tabs for this song. Oh yeah, and I wrote this using notepad, so if the text formatting is off, use notepad to open this. To be honest, I figured this song out in an hour or so, there's bound to be mistakes. Anyway, here it is :

Note: The CD track is tuned down one step.

Chords used in this song(I think these are the correct chord names):

F - 1=3=3=2=1=1
Dm - X=X=0=2=3=1/X=3=5=5=4=3
Bb - X=1=3=3=3=1/6=8=8=7=6=6
C7 - X=3=5=5=5=3/8=10=10=9=8=8
E - 0=2=2=1=0=0
F# - 2=4=4=3=2=2
Gm7 - 3=5=5=3=3=3
A - X=0=2=2=2=0/5=7=7=6=5=5

Note: you can actually use the barre chords for the Dm(noted above) to play the intro, it doesn't really make a difference, since they're the same notes.

Fill 1

Note: you can play it as a single note if you want, just play the first string.
