

**Waiting**  
**Sugar Ray**

(This is my first tab submitted, so easy on the comments - but many more to come from the gal down under - Neen)

**F# ... D#m ... B ... G#**

**F#**                      **D#m**  
Waiting for the night  
**B**                      **G#**                      **F#**  
Waiting for the night to change your ways

(Instru: **F#... D#m.... B... G#... F#**)

**F#**  
There are days missing from my week again  
And there s not a cloud in the sky  
But my view from the Hollywood Rosevelt  
Makes me feel like I can fly

**F#**  
I should maybe make, some apologies  
And I probably should fix my hair  
But I might just stay another night  
If my credit card s still down there

**B**              **D#m**              **C#**  
Oh yeah, all right, I feel like a hundred million dollars tonight  
**F#**                      **D#m**  
I, knew, you were the one, but I kept you waiting  
**B**                      **G#**                      **F#**  
Kept you waiting, anticipating, now I m waiting for you

**F#**  
I think I ll go see my friends tonight  
Who live just a little bit up Creston heights  
And sometimes, we stay out all night  
Feels like there s nothing that we can t do

**F#**  
I m never really sure ll I d ever change  
But if it makes you happy, then I will lie  
She looked at me and softly said  
I m gonna love you til the day I die

**B**              **D#m**              **C#**
